

# Neighbourhood Planning Workshop for Leeds

## How can neighbourhood planning make a real difference?

Saturday 11 June 2016 from 10 – 12.30 followed by buffet lunch

Old Broadcasting House, 148 Woodhouse Lane, Leeds LS2 9EN

The last in our current series of neighbourhood planning workshops looks at what has been achieved by communities as a result of neighbourhood planning. We will be discussing what works in community engagement and what support groups might want in the future. There will be short presentations and plenty of time for group discussion and sharing experiences.

### Guest Speaker:

**What difference did our neighbourhood plan make?** – presentation by Grete Smith, of Fishwick and St. Matthews neighbourhood plan, Inner East Preston

### Discussion groups with planning advisors:

- What works in consultation and engagement?
- What happens after the neighbourhood plan?
- How can we continue to help neighbourhood planning groups

### Free and open to all members of neighbourhood planning groups!

With support from the CHOBE Small Grants Scheme 2016
